

# TRANSPORT CARTS AND DOCKING STATION

Model # 7657-7658

The Transport Carts and Docking Station are constructed of 1/2" white polypropylene with 1/4" clear PVC windows. Each cart measures 32" x 33" x 68"H and is designed to transfer and store parts in a nitrogen atmosphere until needed. All carts come standard with 2 rigid casters and 2 swivel casters with foot brakes. All casters are 3-1/2" and nonmar type. The Docking Station measures 120" x 74" x 45"H and is designed to hold & supply nitrogen purge to 6 carts. SCFH is controlled via manual flow meters located at the front of each dock. Each dock will hold 2 Transport Carts.
