

ACID BOTTLE CARTS

Leatherwood Plastics' Acid Bottle Carts feature sturdy, acid/corrosive-resistant construction, and are available in standard styles or built to specific requirements.

One-Gallon Carrier #4702 features:

- 42 one-gallon bottle capacity
- White and blue polypropylene cabinet
- Acrylic doors with quarter-turn latches at top
- Swivel-type rear casters allow easy maneuvering
- Bottom sump for spill containment

Bulk Product Carrier #4855 features:

- Capacity of 16 five-gallon chemical containers, or 12 five-gallon containers and ten 25# bags of dry chemical
- White polypropylene cabinet with blue polypropylene access doors
- Hardware includes positive door latches, and swivel and fixed casters
- Bottom sump for spill containment
- Handle-operated braking feature is optional

One-Gallon Carrier #6505 features:

- 48 one-gallon bottle capacity
- White polypropylene cabinet
- Bottle compartments are on a slant, allowing inverted empties to drain into an enclosed sump for draining later
- Swivel-type rear casters allow easy maneuvering

Compact Vertical Bottle Carrier #8116 features:

- Smaller, easier to maneuver
- Holds 24 one-gallon bottles
- White polypropylene cabinet
- Swivel and fixed casters with locking feature
- Foot-operated brake is available
- Can be partitioned for bottle sizes up to one gallon

All carts are available in stainless steel or CPVC materials for solvent transport
